

Cartridge, blank 25 pounder

(88 mm blank)

The 25-pounder blank cartridge is used for ceremonial and saluting purposes and has no offensive or defensive properties. The cartridge consists of a deep drawn one-piece aluminium case, with a smokeless powder load and a Mil-Spec. primer.

Various loads are available:

- Mk 1 full charge = 160 dB
- Mk 2 half charge = 155dB
- Mk 3 quarter charge =120 dB
- Or to client's specification

Primer type DM 1040 = US M 28

Smokeless powder ensures clean burning and safe handling and storage.

Classification IMO 1.3 c UN № 0327 cartridges for weapons, blank
